The balloons were sent up from the parade ground at Regel, seven miles north of Berlin, at intervals of fifteen minutes. Four balloons, each of two hundred cubic metre capacity and carrying two officers and an assistant umpire, took part in the contest.

Extra Special---Thursday!

Our \$5.00 Millinery at \$3.50

This is NOT too good to be true, but it needs an explanation. We will not continue selling our \$5 hats at reduced prices, but we had made up an unusual number for our opening, and in order to clear our displays more evenly in our range of prices we decided upon taking exactly 15% off them and pricing each at \$3.50—a saving of \$1.50 to you.

There are 12 good shapes—one model as illustrated—very wanted color.

Every one ready to put on; some made of velvet and others of braids combined with velvet. They're trimmed with velvet, wings and ornaments, and each is a superb model—popular to-day in our magnificent displays of latest millinery.
